

# Want to enroll for the next session? Think you already have? Make certain of it - you should get TWO emails, one for each action you take:

When you **PAY**, you get an email with text similar to what's depicted below - it identifies your payment plan. It mentions money, but no specific choir.

When you **ENROLL**, you get an email with the text below - it identifies your choir. It mentions your choir, but says nothing about money.

**You MUST do BOTH of these steps, or you may miss important emails from the director regarding how to view the rehearsal, where to obtain sheet music, how to submit your recording at the end, and more.**
